EDUCATION

Colorado College, Colorado Springs, CO

Class of 2020

Bachelor of Arts, Major: Organismal Biology and Ecology; Classics

Honors: QuestBridge Match Scholarship

EXPERIENCE

Full-Stack Coding Bootcamp

Dec 2021-Jun 2022

University of Denver

- Collaborated with a team to display top ten gaining stocks and news stories about a selected or searched stock using data from the Financial Modeling Prep and Contextual Web Search APIs.
- Followed MVC paradigm structure to build an app where users can publish workouts and comment on other users' workouts.
- Created a full-stack MERN app that allows users to view, complete, and create tasks in their zip code.

Consumer Assistance Program Coordinator

Oct 2021-May 2022

Colorado Consumer Health Initiative

- Organizes meetings and webinars for sharing resources, common healthcare issues, and solutions with partner organizations, other advocates, and assisters.
- Summarizes program structure and operations, state health policy changes, and client case studies in effective large group presentations.
- Creates educational materials for consumers to reduce financial exposure and maximize health coverage.

Public Interest Program Fellow

July 2020-Oct 2021

Colorado Consumer Health Initiative

- Supported consumers struggling with private health insurance issues, costly medical bills, and unaffordable prescription drug costs that threaten their financial security
- Provided direct guidance with appeals, complaints, and financial assistance applications to assist in resolving medical billing and claims issues
- Produced a Consumer Assistance Program training repository to store resources and procedures.

LEADERSHIP AND ACTIVITIES

Donor/Fundraiser for The Giving Project

Jan 2021-June 2021

Chinook Fund

- Reviewed 26 grant applications and led two teams in conducting virtual site visits with Kaizen Food Rescue and Authentic Creations Apothecary
- Worked with 21 volunteer community members to fundraise \$132,794 for 15 grassroots, social justice organizing groups across Colorado

Student Lab Technician

Oct 2017-Mar 2020

Tutt Library ITS Solutions Center

- Assisted clients with technical issues such as password corruption, wireless internet connection troubleshooting, and wireless printing on both Mac and Windows devices
- Aided students, faculty, and staff with scanning, faxing, virtual reality software, 3D printing

SKILLS

- HTML5, CSS3, JavaScript, jQuery, Express.js, React.js, Node.js, MongoDB, MySQL, Git
- progressive web apps, agile methodology, computer science, database theory
